

ATTENTION

Effective January 1, 2012 thru December 31, 2012

The Maryland Fire Service Personnel Qualifications Board

Will be accepting applications for “Previous Edition Certifications”

Older versions of training programs that were approved for certification to previous editions of NFPA Standards will be accepted for applicable levels of National Pro Board Certification for a window of one year.

What does this mean for you?

If you have been told your old training courses such as Haz Mat Operations, Fire Officer I, etc. are no longer eligible for certification, this may be your opportunity to apply for and receive Pro Board Certifications without taking the current courses or upgrading your old training through equivalency testing.

**Watch for more information as it becomes
available.**
